

COUNTY OF YORK

MEMORANDUM

DATE: December 9, 2004 (BOS Mtg. 12/21/04)

TO: York County Board of Supervisors

FROM: James O. McReynolds, County Administrator

SUBJECT: Request for Funding and Construction of New Ferry

Attached is a request from Surry County for an additional ferry to be constructed and added to the Jamestown-Scotland Ferry system. It is Surry County's belief that the existing ferry system will become overburdened during the Jamestown 2007 Commemorative events. They have solicited the County's help by asking that the Board adopt a resolution requesting the Commonwealth of Virginia to fund and construct a new ferry to be in operation by 2007. Proposed Resolution R04-183 is attached for your review and consideration.
